Thank you for your note. Indeed, very much unexpected. The old Glassboro State culture still persist in some corners! I hope to resolve this soon and move forward. Best,

Ali,

Good afternoon.

I am pretty sure that when you took the presidency, you expected some problems, adverse publicity, student protests, etc. That comes with the turf.

My guess is that sports bras was not one you anticipated!

I thought you and the university handled this well. Not an easy one to finesse these days.

The Forbes ranking of Best-In-State Wealth Advisors, developed by SHOOK Research is based on an algorithm of qualitative criteria and quantitative data. Those advisors that are considered have a minimum of 7 years of experience, and the algorithm weighs factors like revenue trends, AUM, compliance records, industry experience and those that encompass best practices in their practices and approach to working with clients. Portfolio performance is not a criteria due to varying client objectives and lack of audited data. Out of 21,138 advisors nominated by their firms, 2,213 received the award. This ranking is not indicative of advisor's future performance, is not an endorsement, and may not be representative of individual clients' experience.
